Dear All,

We are aware of the different views regarding the recent incidents in the city. The Hong Kong Hockey Association, as a sporting organisation, however, would not be in a position to offer any commentary. As such, you are advised, when wearing attire bearing the HKHA logo or carrying out HKHA duties, not to express publicly any views which could be misconstrued as those belonging to the Association.

We trust that you would appreciate the need to be sensitive to the political climate we are in and we thank you for your understanding.

Ernest Li

Hon. Secretary General
