

Keio University Girls Hockey Team Visit to Hong Kong

The Keio University Girls Hockey Team is to arrive in Hong Kong on November 29th and play matches with the national squad and other teams in the following days.

Japan is ranked top three in Asia hockey and Keio University has a long history in hockey, starting the sports in 1906. Their Girls Hockey Team is one of the top university teams in Japan and is not new to the Hong Kong audience. Last December, the team was invited to an Invitational Tournament, playing against four other teams in Hong Kong.

It is a good time of the year to have a strong visiting team. As our National Squad is preparing for the AHF Cup to be held in Singapore next week, the match will provide them with good competitive training. The other non AHF Cup squad players will also have the opportunity to get international exposure.

The match schedule is:

Date	Time	Venue	Fixture
Friday 30th November	8:00pm	King's Park	HK Women's AHF Cup Squad vs Keio University
Saturday 1st December	4:00pm	HKFC	HKFC A vs Keio University
	6:00pm	HKFC	HK Women's Development Squad vs Keio University Development Team
Monday 3rd December	8:00pm	King's Park	HK Women's Squad B vs Keio University

Admission is free. All are welcome.
